Please note: The validation performed is a limited test and it remains the responsibility of Blackline Partners LLC to ensure all current and future data elements are supplied for Interchange compliance. Blackline Partners LLC must also ensure that the "full and unaltered contents" of the magnetic stripe are transmitted in each electronic authorization request message for all card types, and that the contents of the magnetic stripe read is not retained in its entirety in memory, logs, databases, or files after the authorization is complete. Blackline Partners LLC is responsible to ensure its software applications do not invalidate the merchant's ability to be PCI compliant. Blackline Partners LLC is responsible to maintain its software applications to be in compliance with current PCI specifications which can be found at www.pcisecuritystandards.org

Please note: You must re-validate your application software if modifications are made to the interface with the Heartland Secure: Out-of-Scope solution.

The Heartland Service Center is comprised of dedicated teams broken out by geographical regions to provide service for beta and production merchants. Support is available 24 hours per day, including holidays and weekends. For technical assistance during your beta period, please contact (888) 963-3600, and enter the 5-digit zip code for the merchant location. You will be routed to the appropriate team for service and support.

If you have any questions regarding this certification letter, please contact me at: POSIEX@e-hps.com
